Dear Sirs,

Objection to New Sherford Town.

1. I wish to object to the new Sherford town to be built between Elburton and Plympton.
2. The development should be moved further east to give more green space between Elburton and the new town.
3. Traffic to and from the new development should be via the A38 which is a three lane dual carriageway.
4. Any road links to the already congested A379 will cause gridlock at Laira Bridge.
5. Traffic arrangements to be solved in conjunction with Plymstone Quarry (or Blue Circle) houses and built before the commencement of the Sherford development.

Yours faithfully

(J. M. SIMPER)
