I haven't been able to find the plan on your website so I hope this e-mail reaches the appropriate department.

The general feeling in this household towards even more houses in Holbeton is one of dismay as we feel that we have done our bit over the years to provide more houses in the area. However, any protest will probably fall on deaf ears but if building is to be done then surely what we need are 3 bedroom houses with decent gardens for families not very small "affordable houses". When the people who move into the latest lot in the village can no longer stand to be so confined where are they supposed to move to?

Do the planners realise that Battisborough Cross is part of the parish? Never seems to be considered whenever the thorny question of more houses arises.
