

**Audit Committee – 9 September 2008****PROGRESS AGAINST THE 2008/09 INTERNAL AUDIT PLAN****Report of the Strategic Director (Resources)**

**Statutory Powers:** Accounts and Audit Regulations 2003

**Financial Implications:** None, within existing budgets.

**Purpose**

The purpose of this report is to inform members of the principal activities and findings of the Internal Audit section of Financial Services for 2008/09 to 31 July 2008, by:

- Providing a summary of the main issues raised by completed individual audits; and
- Showing the progress made by the section against the 2008/09 annual audit plan, reviewed by this Committee in April 2007.

Links to **Priorities** - CP6: Improve core service performance in a cost-effective way.

**RECOMMENDATION**

**That the Audit Committee RESOLVES to consider the progress made against the 2008/2009 Internal Audit Plan and comment on the summary of issues arising.**

**Background**

1. The need for an Internal Audit Service is implied by the Local Government Act, 1972 (Section 151).
2. Specifically, the Accounts and Audit Regulations, 2003 (Regulation 6) state that:

*"A relevant body shall maintain an adequate and effective system of internal audit of its accounting records and of its system of internal control in accordance with the proper practices."*

For the purposes of the Regulations, proper practice is that contained in the CIPFA 'Code of Practice for Internal Audit in Local Government' (2006).

3. The CIPFA. 'Code of Practice for Internal Audit in Local Government' (2006) defines Internal Audit, and requires that Internal Audit draft a Terms of

Reference and an Audit Strategy to be presented to the Audit Committee for review and kept up to date.

4. These Terms of Reference were presented the Audit Committee in December 2007 and cover:

*Terms of Reference*

Purpose, Authority and Responsibility  
Independence  
Audit Management  
Scope of Internal Audit's Work  
Audit Reporting  
Audit Committee

The Terms of Reference were reviewed and considered not to require update so far in 2008/09.

5. The Audit Strategy was updated for 2008/09 to reflect the new Governance Framework and the impact of Internal Audit on the Annual Governance Statement. It was approved by the Audit Committee in April 2008 and covers:

Objectives and Outcomes  
Opinion on Internal Control  
Local and National Risk Issues  
Provision of Internal Audit  
Resources and Skills

## **Provision of Internal Audit and Progress – 2008/09**

### Audit Plan 2008/09

6. The 2008/09 audit plan (**Appendix A**) was presented and accepted by Scrutiny at their meeting of April 2008.

### Local and National Risk Based Amendments to the Plan

7. The audit plan is continuously reviewed and updated to reflect emerging risks, and these are incorporated into the audit plan either through the contingency days or by change to the plan, depending on the significance.
8. No amendments have been made so far in 2008/09.
9. Overspends on the estimated time for individual audits occur as the time in the audit plan is an estimate based on risk and generally not the amount of time needed to do the work required. All efforts are made to 'cut our cloth according to our means', but in some circumstances where control issues are identified, a risk based assessment of whether additional time is spent is

carried out and additional work charged to either contingency or by change to the plan, depending on the significance.

10. The following table sets out the significant overspends on time budgets (3.5 days or more) on individual audits as totalled in Appendix A, and the reasons for the overrun:

Audit	Planned	Used	Reason for Overspend
<b>Total</b>	<b>0</b>	<b>0</b>	<b>Overspends – None so far</b>

11. Audit work for 2008/09 must include transactions from 2008/09. As a consequence April of each year is used to complete the audit work of the previous year, to ensure that when the 2008/09 audits begin there is sufficient data to be tested for a 2008/09 audit opinion to be given. The chosen method, which has run for a number of years and seen by two different external audit providers to the Audit Commission without challenge, is for the plan to run from May to May and the variation reported. It is accepted that an alternative approach is for the annual Audit Plan to be set up to reflect this position.

Audit	Planned	Used	Reason for Overspend
Completion of 2007/08 audit in 2008/09.	0	55	April to July 2008, finishing of 2007/08 systems and computer audits (50 days 2007/08).
<b>Total</b>	<b>0</b>	<b>55</b>	

### Resources and Skills

12. Sickness, at 3 days to the end of July 2008, is within that planned and compares well with last year (2007/08 31 July 2007 65.5 days) and it is hoped that this improvement can continue.
13. The number of audit days provided by the European Grants Officer at the end of July was 72 audit days set against the planned 167 days (*Appendix A*). Although this is ahead of schedule, new grant work is expected later in the year that will impact on the amount of audit time available. The time demands are not yet clear, but are not expected to be significant.
14. No audit specific external training has been provided so far this year to the audit team. Other related training has and is being undertaken as follows:

#### *IAM*

- Use of Resources seminar by CIPFA.

#### *Senior Auditor*

- Advanced ECDL commenced.

#### *European Grants Officer*

- Advanced ECDL commenced – Excel and Word passed 2008.

### Progress Against the Plan

15. The 2008/09 Internal Audit Plan is attached at **Appendix A**. This has been extended to show the final position for each audit, and replicates a part of the monitoring report presented to the Strategic Director (Resources) and Deputy S.151 Officer on a monthly basis.
16. The reporting of individual high priority recommendations is set out at Exempt **Appendix B**. This is an ongoing part of the report to advise the Audit Committee in detail of significant findings since the last report and confirm that the agreed action has been implemented or what progress has been made.
17. Exempt **Appendix C** provides a summary of the main issues raised for all of the audits where a final audit report has been issued. This too forms part of the report to the Strategic Director (Resources and Deputy S.151 Officer). In addition, the Appendix shows the results of our follow up of previous audit work and tasks that have not produced an audit report.
18. Exempt **Appendix D** provides a summary of unplanned work carried out by the team. This work is by definition unexpected work, which ranges from advice to managers on control issues, to the investigation of potential irregularities. Tasks are budgeted from the 'Contingency' line of the audit plan.

### Performance Indicators

19. Internal Audit's performance indicators will be reported to the Audit Committee in full in the year-end report. The full list of those recorded is set out in the Audit Strategy 2008/09.
20. One of the key quality indicators for internal audit performance is the reliance by the external auditor upon the work done by the section. In their draft 2007/08 Interim Audit Report, the Audit Commission say  
  
'As part of our "managed audit" approach we plan to place reliance on Internal Audit's work for aspects of our review of financial systems. We do this to minimise duplication and carry out our audit in an efficient way.  
  
Internal Audit's files were provided on a timely basis for to us to review and were well documented. We were able to place reliance on them in the areas where we had planned to do so'.  
  
21. In addition a report by the Audit Commission, 'Review of Internal Audit', says:

'Our review found that South Hams' Internal Audit complies with the CIPFA Code of Practice for Internal Audit in all significant respects.

We have concluded, as part of our control environment assessment, that Internal Audit is effective as a management control, and that we can place reliance on specific pieces of work, where that work covers areas relevant to our own Code of Audit Practice’.

The full report is to be presented to the Audit Committee at this meeting (September 2008).

22. At this stage in the year, another key indicator ‘Completion of 2008/09 Audit Plan’ is as follows:

Indicator	Target %	Actual %	Comments
Audits completed from 2007/08 audit plan.	90	95	As reported to the Audit Committee.
Audits at the end of July at various stages of completion from 2008/09 audit plan.	-	28%	(22% at July 2007). High use of Contingency and less sickness recorded.

23. The indicator for the issue of audit reports within 14 days of the completion of the work or 14 days after the draft reports are discussed is expected to be 100% successful. This is because writing the reports immediately after finishing the audit work, or the discussion meeting, is routine for the section.

### Future Audit Developments – Shared Services

24. Changes to the Internal Audit service under Shared Services were considered by the Shared Service Joint Steering Group based on a business case produced by the 3 Councils.

25. The result is that the audit managers of South Hams and Teignbridge District Councils will continue to bring the teams closer together to achieve the benefits identified in a separate update report to this Committee (September 2008).

### Risk Assessment

Opportunity	Issues / Obstacles	Benefits/Mitigated by
A risk based audit plan directs scarce audit resources away towards areas of high risk to the Council.	The directing of scarce audit resources away from areas of high risk may undermine the opinion provided to the Council by the Internal Audit Manager on the System of Internal Control..	Risk based audit plan, reviewed by senior managers and members, and updated as appropriate through the year.

## Risk Assessment (Continued)

Opportunity	Issues / Obstacles	Benefits/Mitigated by
<p>Audit work completed in line with the audit plan and to the required quality standards will ensure that the external auditor placing places reliance upon the work of internal audit, resulting in no additional charges to carry out the audits required to allow him/her to issue the certificate and opinion on the Council's accounts, including for the Annual Governance Statement.</p>	<p>The external auditor placing no reliance upon the work of internal audit, resulting in additional charges to carry out the audits required to allow him/her to issue the certificate and opinion on the Council's accounts, including for the Annual Governance Statement.</p>	<p>Regular liaison with the external auditor. Risk based audit plan, reviewed by senior managers and members, and updated as appropriate through the year. Regular monitoring of progress by the S.151 Officer and the Audit Committee.</p>
<p>Audit work completed in line with the audit plan and to the required quality standards will ensure that the external auditor placing places reliance upon the work of internal audit, resulting in no additional charges to carry out the audits required to allow him/her to issue the certificate and opinion on the Council's accounts, including for the Annual Governance Statement.</p>	<p>The Council's Annual Governance Statement cannot be signed if Internal Audit fails to complete the work set out in the approved risk based audit plan due to unforeseen circumstances.</p>	<p>Regular monitoring of performance by the S.151 Officer and the Audit Committee. Audit approach adheres to the appropriate professional standards. Closer links with our neighbouring Council's audit team will provide reasonable assurance that higher risk audits are covered each year.</p>

## Conclusion

26. Appendix A shows the Internal Audit Plan for 2008/09 marked with the progress on individual audits and our opinion result where work is complete and reported.
27. One issue of a significant nature has been identified by Internal Audit in the work carried out so far in 2008/09: Appendix B. Urgent action is being taken by the relevant managers to address it.
28. Appendices C and D to this report provide a summary of the auditor's opinion and the results of all audits completed.
29. The appendices to this report also demonstrate that for 2008/09 to 31 July 2008, the Council's Internal Audit section is making reasonable progress on the work set out in the plan for the year in spite of the staffing issues known to members.

30. The section continues to reach the standards set out in CIPFA's Code of Practice for Internal Audit in Local Government enabling the external auditor to place reliance on the work of the section.

31. A report on the activities for the full audit year will be brought to the Audit Committee after the end of the 2008/09 financial year, and 2 more quarterly progress reports will be provided before that.

SHDC 3-year Audit Plan 2006/07 to 2008/09.

## SOUTH HAMS DISTRICT COUNCIL INTERNAL AUDIT – ANNUAL PLAN 2008/09

### Opinion Definitions

#### **Excellent**

The areas reviewed were found to be well controlled, internal controls are in place and operating effectively. Risks against the achievement of objectives are well managed.

*Any recommendations made are generally low risk and relate to enhancements of existing controls.*

#### **Good**

Most of the areas reviewed were found to be adequately controlled. Generally risks are well managed but some areas for improvement have been identified.

*A good opinion can be given where a small number of controls are not always operating effectively provided there are no high risk recommendations.*

#### **Fair**

There is a basic control framework in place, but most of the areas reviewed were not found to be adequately controlled. Generally risks are not well managed and require controls to be strengthened to ensure the achievement of system objectives.

*A fair opinion will only be given if the areas where the controls are missing or not operational do not represent a significant risk to the system as a whole. This could include breaches of Council policy and the risk of medium financial impact on the Council.*

#### **Poor**

Controls are seriously lacking or ineffective in their operation. No assurance can be given that the system's objectives will be achieved.

*This will include significant breaches of legislation or the potential for significant impact on the Council such as large financial losses. The operation of the system.*

### **FUNDAMENTAL SYSTEMS**

Fundamental systems are those that the Council's external auditor considers to be so important that a failure in key controls may lead to their withholding or qualifying the opinion on the Council's statement of accounts. We therefore need to audit these systems on an annual basis; days based on the risk score, benchmarking and experience.

	Priority Rating	Council Objective		Progress or Planned Qtr	2008/09 Days/Result
<b>Main Accounting System and Budgetary Control</b>	1	CP6	Accounts for the Council's activities and assists in meeting the budgets set by the Council. Linking systems and audits: Accounts: All financial systems; Budgets: Council Tax (Setting); Computer audit: Access to system. <b>Audit work to also cover the small number of Trusts and Bequests and Corporate Recharging.</b>	3	12
<b>Payments</b>	1	CP6	Pays the Council's creditors promptly and accurately and processes other internal debit items. Linking systems and audits: Main Accounting; Treasury Management; Council Tax (Refunds); NDR (Refunds); Housing Benefits; Petty Cash. Computer audit: Access to system. <b>Audit to include the controls over the use of purchase cards and document scanning.</b>	2	12

Continued Overleaf

**South Hams  
District Council**

## FUNDAMENTAL SYSTEMS (Continued)

	Priority Rating	Council Objective		Progress or Planned Qtr	2008/09 Days/Result
<b>Payroll</b>	1	CP6	Ensures accurate calculation and timely payment of salaries and wages to employees. Linking systems and audits: Main Accounting; Computer audit: Access to system. <b>Audit to include redundancy payments and an overview of Single Status.</b>	2	12
<b>Council Tax</b>	1	CP6	Calculates, bills, accounts for and assists in recovery of cash paid by Council Tax payers. Linking systems and audits: Main Accounting; Housing Benefits; Cash Collection; Computer audit: Access to system.	2	14
<b>NDR</b>	1	CP6	Calculates, bills, accounts for and assists in recovery of cash paid by NDR payers. Linking systems and audits: Main Accounting; Council Tax; Creditors; Computer audit: Access to system.	2	12
<b>Benefits</b>	1	CP6	Ensures accurate calculation and timely payment of Housing Benefits. Linking systems and audits: Main Accounting; Council Tax; Creditors; Computer audit: Access to system. <b>Audit to include the controls over document scanning.</b>	3	29
<b>Debtors</b>	1	CP6	Invoices, accounts for and assists in recovery of cash due to the Council. Linking systems and audits: Main Accounting; Cash Collection; Computer audit: Access to the system	2	12
<b>Treasury Management</b>	1	CP6	Manages the Council's cash flow and invests monies to maximise the interest earned. Linking systems and audits: Main Accounting; Creditors; Cash Collection; Computer audit: Access controls re Financial Director software.	3	4
<b>Sub-Total</b>					<b>107</b>

**OTHER SYSTEMS AND AUDIT WORK**

The planned audit work is presented mainly in service group order.

The bold italic sub-headings above each audit further groups the proposed audit areas in accordance with the CIPFA Best Value Accounting Code of Practice.

The 'Priority Rating' above is derived from a statistical assessment of risk that includes the value of transactions, complexity, susceptibility to fraud or error, last audit coverage, impact on other systems and political sensitivity. A rating number of 1 is audit work carried out annually as required in cases of high internal risk plus external influences such as the External Auditor or Use of Resources assessments; 2 is an annual audit as a result of the assessed risk to the Council; and, 3 a lower audit risk and frequency of coverage (once in 3 years). Those audits brought forward from last year will have their rating enhanced with a plus sign (+).

Council's Priorities The link to the Council's published priorities.

Proposed Quarter column shows the proposed quarter of the year in which a specific audit will be started. It has been drawn up giving regard to known audit needs, service and external pressures. However, the plan is flexible enough to take account of unforeseen matters for both internal audit and service managers, so the proposed quarter is effectively indicative.

**OTHER SYSTEMS AND AUDIT WORK (Continued)**

	Priority Rating	Council Objective		Progress or Planned Qtr	2008/09 Days/Result
<b>COMMUNITY REGENERATION</b>					
<i>Planning And Development</i>					
Community Grants and Loans Fund	3	Various	Audit to provide assurance that the controls ensure that Community Grants and Loans are made in accordance with the Council's policy.	3	5
Economic Development	3	CP2	To review the controls over income and expenditure to ensure that the budget provides best value in achieving the objectives for Economic Development.	4	5

Change Control Using CIPFA Guidance - <ul style="list-style-type: none"> <li>• Program changes;</li> <li>• Development and Maintenance.</li> </ul>	3	CP6	4	8
<b>TOTAL RESOURCES REQUIRED</b>				<b>26</b>
<b>RESOURCES AVAILABLE</b>				<b>2008/09 Days</b>
Computer Audit in Main Audit Plan (Appendix A)				26
<b>TOTAL RESOURCES AVAILABLE</b>				<b>26</b>

The computer audit plan was also derived from an audit assessment of all of the systems within the Council requiring audit, 'the Computer Audit Universe'. Once these systems were identified an assessment of risk was applied, based on a statistical methodology in the same way as the main audit plan (see Appendix A).

The 3-year computer audit plan is based on the CIPFA 'Computer Audit Guidelines'. Again the priority rating has been simplified. Work will be carried out either annually or once only in 3 years depending on the audit risk.

Our computer audit plan also upholds the Council's aims and priorities as with every audit we are seeking continuous improvement of services, making best use of available resources to fulfil priorities and deliver services with skill, competence and integrity.
