Major Development Team,
T. Council, Totnes.

Dear Sir/Madam,

We would like to add our support for the new Sherford Refried plans.

Unlike the old plans, these new plans show concern and consideration ^{for} the impact a new town will have on the established surrounding areas. In particular, we are extremely concerned about the increased traffic through Fore Street and Amken Bridge Hill.

We resent Brixton C.C. accusing P.S.W. Coop Soc. of trying to benefit financially from their new plans. We have been Coop. members for years and find them a very altruistic society.

Nobody wants Sherford foisted
on the area, but if it has to be, the
Coop's Sherford Refid plans offer
Plympton, Pymstock and Elburton some
chance of surviving as communities.

Yours Faithfully,
