We have made representations to Council at Issues and Options, Preferred Options and Submission Stages.

We consider the alternative site offered by Plymouth and South West Co-operative Society to be unsound.

It has not been prepared in accordance with the Local Development Scheme, infringing the Devon Structure Plan policy ST8.

If the Society's land at Chittleburn is developed in the manner proposed, the defining line between the City of Plymouth and rural Brixton/South Hams will disappear, irreversibly losing the character of each. The pressure of traffic on the A379 would be catastrophic, and would be aggravated by the park and ride arrangements adjoining the A379.

We regard the plan as a potential sprawl extending across the valley of Sherford with negative effects on our environment and strongly urge that it is dismissed.
