Subject: Statemant of Community Involvement

This is a response from Harberton Parish Council to the email received 12.12.11.

Due to the short notice given and this being a 'draft' consultation :-

We ask that the provisions of the localism act be incorporated in the statement, so that the decision making power of the Parish Council is recognised and also the obligation on the District Council to give technical support to parish initiativers and devolved activities.Regards, Diana Crann.
